I don't want you back if your wilding

I just can't get back right to you

You always wane know

where am going

where I been

where am at

who am with

what time am coming back (dam)

I just wane fucking night  
you just wane fuss and fight  
I don't know what's wrong but we can't get nothing  
right  
I be trying get it right  
you just wane pick a fight  
find any reason to go pick up the kitchen knife.

[refrain]

I don't want you back if your wilding  
I just can't get back right to you  
you always get mad when I'm stilling  
and you just don't know what to do.  
I don't want you back if your wilding  
I just can't get back right to you  
you always get mad when I'm stilling  
and you just don't know what to do.

[John Depp]

I could have gave you everything girl  
put it in the ring girl  
needs a better thing girl  
I take you places you ain't never been girl  
straight down to business we can get it in girl  
fuck all them bitches I'm not innocent girl  
I was on the wrong route am just happy that am out  
and I don't want you back  
so you know I had to bounce  
got a nigger stressing  
smoking ounces after ounces  
is there anyone left in this world that I can count...  
on  
you was the best but I know it wouldn't last...long  
no disrespect and I know it was mad... wrong  
but now am gonna sing along.

[refrain]

I don't want you back if your wilding  
I just can't get back right to you  
you always get mad when I'm stilling  
and you just don't know what to do.  
I don't want you back if your wilding  
I just can't get back right to you  
you always get mad when I'm stilling  
and you just don't know what to do.

[Rabbi]

Shorty is you wilding cuz am profiling  
stilling on a low dialing  
calling me a dog  
but you don't see me on the floor grinding

acting like your ass a dam virgin with no manners  
knocking on my windows  
smashing my tires  
being so violent  
and sins you did that am taking everything back  
you was independent now everything slack  
we used to be cool but now everything wack  
now am moving out girl I got everything back  
Iâ€™m tired of your Pickering  
on the phone whispering  
Yea am playing 2k you think that I ainâ€™t listening  
try to burn me up with the Â… you cooked the chicken  
in  
you did so much to me but the rest I ainâ€™t mentioning.

[refrain]

I donâ€™t want you back if your wilding  
I just canâ€™t get back right to you  
you always get mad when Iâ€™m stilling  
and you just donâ€™t know what to do.  
I donâ€™t want you back if your wilding  
I just canâ€™t get back right to you  
you always get mad when Iâ€™m stilling  
and you just donâ€™t know what to do.
