Rain drops
Ya probably ain't expecting this one
Nope, yeah, clap clap un hun
This something my grandmother would dance to or
something

Nights like this I wish
That rain drops would fall
Nights like this I wish
That rain drop would fall

Ay grandma and grandpa
Look at ya grandson, I done made it far
Damn nana, I know it's killing ya bones that damn
cancer
I wish I had an answer, but I don't I'm jus' wishin' for an
answer
Watchin' my mamma cry, she's watchin' her mamma
die
Every second I'm drying my mamma eyes, she so
proud of her son
See right through my mamma eyes, she just follow the
drips
U can't dodge the rain but u can follow the drips

And every drop of rain that falls, has a drop a pain
involved
You better believe
88 cocaine it solves, now the dope came in charge yup
I see my niggaz for what they really are, what we really
are
The dicks we really are, let it rain

Nights like this I wish
That rain drops would fall
I know u wishing it would rain
Nights like this I wish
That rain drop would fall

It has been long fights like this
Long days, long nights nights like this
I'm wishing for rain, nothing but the wind ever came

Little girls with they skirt up, the world's getting worsen
Man I twirled through the world in a roaster
Twirling the smoke up, I be so high
Shit a week goes by, I still think the week just started
Man weed still sparking, still in tune with the street man

He still sparking, go ahead nigga leap feel frogish
These streets I harness, my peeps my partners
Cam, Jim, Zeek my sponsors, black, Griz, snags my
monstrous
Paper, drugs, twin my anchor, robs, 40, doe, guard
Bus, train and go hard, let it rain

Nights like this I wish
That rain drops would fall
Nights like this I wish
That rain drop would fall

This is a story, about a young boy wishin' for glory
Rap, riches and glory, some people I'll love to share it
with
Yeah my people my thugs I'll share it with
You can't eat through this love I'm dealing with
You can't see through this love I'm dealing with
You can't be through or eat through this love I'm
dealing with
It's real I'm feeling it my niggaz, cats plan on killing it
Rats real I'm reeling it all men like fishermen

Say, hey hey hey baby, yeah
Drive sticks while sticking 'em, young chicks I'm dicking
em
All down and yeah they all down
But why it got to be like this, why every girl I meet got to
be like this
Let it rain

Nights like this I wish
That rain drops would fall
Nights like this I wish
That rain drop would fall

Let it rain
I'm just sitting here
Wishing it would rain
I'm just sitting here
Waiting for the rain
Waiting for the rain
