Skate and destroy
I'm on a mission
rent a cop
try to keep us away
you think you'll com around here
and harass me
you think you'll stop us
but you're dead wrong
doughnuts and attitude
we just want to skate all day
and be left alone
we don't cause any problems for you
you think you'll come in here
and shove me around
you think you'll stop us?
dead wrong
come around here one more time
we'll get you
you rent a pig car
go off on you like a fucking bomb
