body tags get blast out like druggles blast out like

causin abombinations, crackin heads like safe  
combinations  
I condination into I get 'em blessed  
kill 'em all off like David Koresh  
just to play with the flesh, vest of the best  
the type of nigga that'll cut your break lines  
ache lines, and break spines  
scramble up quick to shit thats heard through grape  
vines  
my skill shines, I drop emcee's in abis  
when Twist flicks his wrist

MC J.U.I.C.E is harzardous  
there ain't no rapper bad as this  
I leave for 3 days I come back just like the Nazerath

run and get medical attention when I severo  
I tell 'em never go against me this is no tow zone  
and I'ma bout get this bitch open like the ozone, layer  
cuz you is gots prop like the mayor  
I can meet a cutie pie in 20 minutes I'ma play her

you can say your little whips so I can fiddle with your  
game plan  
I'm insane stand, toe to toe now get the same dam,  
treatment  
I gotta tell 'em tell me where the weed went  
rewind it brotha bring it back so I can find it  
I could rip punks up  
we come in three just like the chipmunks  
I kick for these rappers better float on or they get their  
ship sunk  
ugh, they battle ship is not made for mic rippin  
you just a rude boy so ease up off the champagne your  
sippin  
your trippin I even played hoops with Scottie Pippen  
he missed the dunk I had to follow with the tip in  
I rippin niggas bet chip in for the beer run  
I come into your ear drums you thought my flow was  
near done
