Breathin' hot an' heavy  
Covered up in sweat  
I can feel the rhythm  
Poundin' in my chest  
The atmosphere's electric  
Can't you feel the buzz?  
Let's get this party started, yeah  
Let's crank this number up

(Chorus)

Let's get it on,  
Do what we came here to do  
Rock this town, shake the ground  
Get down and raise the roof  
Ain't nothin' wrong  
With a little cuttin' loose  
Next thing you know  
The workday blues are gone  
C'mon let's get it on

Music's gettin' louder  
Smoke's gettin' thick  
I can't hear a word she says  
But I can read her lips  
She's workin' her way closer  
Movin' through the crowd  
She whispers in my ear:  
"It's me an' you, right here, right now"

(Chorus)

Let's get it on  
Do what we came here to do  
Rock this town, shake the ground  
Get down and raise the roof  
Ain't nothin' wrong  
With a little cuttin' loose  
Next thing you know the lovesick blues are gone  
C'mon let's get it on

You gotta get up to get down  
you gotta get up to get down  
Yeah, you gotta get up to get down

So get up, GET UP, get down!

(Chorus)

Let's get it on

Do what we came here to do

Rock this town, shake the ground

Get down and raise the roof

Ain't nothin' wrong

With a little cuttin' loose

Next thing you know the workday blues are gone

C'mon let's get it on

Let's get it on....
