Nigga fuck your hood, nigga fuck your set
I'm gonna kill it with the rest of this tape
I'm nigga realer that will break your neck
I'm that nigga that you don't fuck, wait
I always knew you niggas weren't real
I always knew you niggas would tell
I always knew you niggas would fail
I hope you niggas are still getting this mail
And ridin' on 6's, fuckin' with bitches
Hustle all day, man get my issue
If I'm sellin' dope never workin' that crystal
They walk up in a bank, they pull out a pistol
Nigga I rob you, gimme that cheese
Give me that carpet and give me them keys
Sawed up punk, nigga you get these
With his beloved color eagle YT
Don't violate and the girls get bigger
I'm from the new estate, real street nigga
Haters gon hate, y'all niggas say kill us
So why you wanna put yourself in front of my trigger
Suicidal bro, all coced up
Spent a hundred bucks, nigga all post up
You'd better hide, the whole street lit up
I take another trash, nigga jump ump jump

We be deep in da hood, standin' the cuts
Come through with the shit and we gon hoot your shit
up
We be deep in da hood, standin' the cuts
Come through with the shit and we gon hoot your shit
up

And our choppers go plucka plucka plucka plucka
plucka
And our choppers go plucka plucka plucka plucka
plucka
And our choppers go plucka plucka plucka plucka
plucka
And our choppers go plucka plucka plucka plucka
plucka
