[Intro:]

Trippy as a motherfucker man  
You niggas don't get high  
(Drugged out) x8  
This some good loud  
Know what I'm sayin' nigga  
Fuck what you talking 'bout

[Verse 1: Juicy J]

I fall up in the club I'm like a walking pharmacy  
If you ain't smoking what I'm smoking need to get the  
fuck from me  
I be gettin' so fuckin' high feel like I'm hang in with the  
stars  
Outer space swag, shawty come hang with a star  
I ain't waste 'nan drank, but the [?]  
Fifty thousand racks, shatwy that's a [?]  
I'm on so many drugs feel like my heart 'bout to bust  
It's so many bitches a nigga can't help, but to lust  
Give me a double cup, give me some ice  
I got the lean, now where's the Sprite  
My weed loud and you on that "Shut the fuck up! "  
Meet me on the top floor, shawty let's get fucked up

[Hook: Juicy J]

I brought the drugs in, got the club drugged out nigga  
Fuck with my high and you gone get drugged out  
I got the dope dick shawty come get drugged out  
And I'm lookin' for the drug mane when my drugs out  
I brought the drugs in, got the club drugged out nigga  
Fuck with my high and you gone get drugged out  
I got the dope dick shawty come get drugged out  
And I'm lookin' for the drug mane when my drugs out

[Verse 2: Juicy J]

I got Kush off in my pants pocket smoking' back to back  
I said I was gone quit, but I just relapsed  
Mane this weed got me with the munchies, I need a  
snack  
Even after winning Oscar's, we don't know how to act  
Went from Hollywood to HollyWOOD, racks on top of

racks  
Smokin' out with Snoop and Wiz Khalifa, sacks on top of  
sacks  
Met this bitch at the awards show, man her pussy fat  
I'm a take her to my mansion, and sweat her out her  
tracks  
Fine as Halle Berry, a great dick sucker  
If she get it from her momma then I want to meet her  
mother  
The reason why I'm filthy rich, is cause I hustle  
And I'm always throwin' up money, on the double ho
