Left my old bitch at home
Got a new one
Left my old bitch at home
Got a new one
Got got a new one
Got got a new one
Left my old bitch at home
Got a new one(x2)

My bitch ask me do i love her
I tell her yeah
But the truth is
I only love that head
Always on her knees
Never using her legs
I dont trust her neither
She just want juicy bread
Got a new bitch
Shit, i got 2 or 3
What they do for free
Everything they do for me
They eat each other pussy
I just like to see
Fuck her booshy ass bitch
All i like is free
Got that liquior in me
Now I'm a pornstar
I pull the whip over
And fuck her in my foreign car
I'm so fucking high
I need some new lungs
Left my old bitch at home
Got a new one.

Left my old bitch at home
Got a new one
Left my old bitch at home
Got a new one
Got got a new one
Got got a new one
Left my old bitch at home

Got a new one(x2)

I got a new bitch
I met her in Cali
I gave her my number
She gave me her panties
The momma can blow
So i gave her a grammy
I dont even know her name
I think it was tammy
I just met a cuban bitch
Out in miami
Shaped like a coke bottle
Hot as a cannon
She could be a actress
She might be a model
It don't matter to me
Long as the hoe swallow
I'm hers for the night
I'm leaving tomorrow
It's back off in my mansion
It's somebody's daughter
She dancing like she fucking
Her momma who taught her
Then i kick her out
Cause i got enough stalkers

Left my old bitch at home
Got a new one
Left my old bitch at home
Got a new one
Got got a new one
Got got a new one
Left my old bitch at home
Got a new one(x4)
