Know a little freak in, in Hollywood  
Sucks, sucks on dick, does it, does it real good  
Know a little freak in, in Hollywood  
Sucks, sucks on dick, does it, does it real good

I long dick her like ugh, ugh, ugh  
I long dick her like ugh, ugh, ugh  
I long dick her like ugh, ugh, ugh  
I long dick her like ugh, ugh, ugh

They call me Mr. Dingaling weighin' on a triple beam  
Guarantee you five or less minutes I can make you  
cream  
I see you got these boyfriends spendin' money buyin'  
bling  
I know you got some super head that's super hot like  
jalapen'

I hope you know I'm straight up fro' the hood love to  
bang, bang, bang  
You make me wanna scratch off  
Get some brain how to you fit them jeans  
We can drink and hookup, do some things, I mean do  
some things

Hotter jacuzzi, we can get nudey  
Know you a freak, way you shake your booty  
Her first name Susie, last name Boojie  
Got her real drunk, my nig shell chew me

Know a lil' freak  
Know a lil' freak  
Long dick her like  
Long dick her like  
Long dick her like  
Long dick her like

Girl friend soft skin pussy just right  
I be wild when I go in there 'cause I know that pussy bite  
Ain't got no marks on her body, she like to keep on the  
lights

She put her legs on my shoulder and I long dick her

Ugh, ugh

Yeah, it's Mr. Savage Life

Yeah, I give it to you like you never ever had it like  
I don't know her name, we just did it on the first night  
I'ma call her JJ 'cause I know that shit was dynamite

Girl, who that pussy for? Nobody from the look at cha  
Want A G to beat that pussy up, then I'm the man you're  
lookin' for

Nigga, put them cuffs up, go find another chick to  
show

'Cause I already hit that ho, believe me I already know

Know a 'lil freak

Know a 'lil freak

I long dick her like

Yeah, yeah, yeah

Look at Miss Goodie Goodie Pussy right there

With that pretty ass face and dat some pretty ass hair

With some pretty ass eyes and a pretty ass smile

I guess that one drink I bought will be worth my while

With your double D rack and a tattoo on your back

Matta a fact, I think I'll start from the back

[Unverified] from the back

Give me one more win once again from the back

This time I think I'm gonna win with some hat

Some head, some cap

Some chewin' on my pipeline

Give your boy oral 'til his heart flat line

Chea

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh, ugh

Ugh, ugh
