How much can you fit under your skin?
How much can you fit under your skin?
I wish you were dead babe I wish you were dead
I can fit two, I can fit two...

I can fit two people under my skin
Yea I can fit two people under my skin
And I will prove it if you will listen
You crawl up in there and join me within

I can feel your heart beating under my skin
And the beating of your heart is making me bleed from
within
And if we cut open your heart, pour it in a cup
Do you think it'd be enough, do you think it'd be
enough
To fill... my heart with music?

Oh no, not a chance in hell
Yeah I've heard you sing but it ain't too well
Heart melts, yeah you meant so well
But your song's no good round here

I can feel you breathing under my skin
I can feel you breathing under my skin
and each breath you take is a brand new begin
Each breath you take, brand new begin..ing
(Eng)land has a way of getting under my skin
And my family has a way of getting under my skin
And my family had a castle way back when
I would have lived there if they had more male children

To fill... my heart with music

Oh no, not a chance in hell
Yeah I've heard you sing but it ain't too well
Heart melts, yeah you meant so well
But your song's no good round here
Oh no, not a chance in hell
Yeah I've heard you sing but it ain't too well
Heart melts, yeah you meant so well
But your song's no good round...heere no no no no!

I don't think there is anyone under your skin
Like a Cheshire cat I think that you are just a grin
And I can feel you laughing, under my skin
And the happy palpitations are making me... grin.

You know it fills my heart with music...
-Oh no, not a chance in hell
Yeah I've heard you sing but it ain't too well
Heart melts, yeah you meant so well
But your song's no good round here
- Oh no, not a chance in hell
Yeah I've heard you sing but it ain't too well
Heart melts, yeah you meant so well
But your song's no good round heeere no no no no!
