Why did you go  
Why did you turn away  
From me  
When all the world  
seemed to sing  
Why, why did you go?

Was it me?  
Was it you?  
Questions in the world of blue

How can a heart  
that's filled with love  
start to cry?

When all the world  
seemed to sing  
How, how can love die?

Was it me?  
Was it you?  
Questions in the world of blue

When did the day  
with all its light  
turn into night?

When all the world  
seemed to sing  
Why, why did you go?

Was it me?  
Was it you?
