"Goodbye"

Wish on a star
Watch it die
Trapped beneath the timeless sky
Every day the sun will rise
I watch it fall and wonder why it died
Goodbye
I looked inside
I tried to change
But it won't work
It's not the same
I looked inside
I made the change
But it wont work

You're not the same
Why do we always play these games?
Subject ourselve to so much pain
There's always somewhere else to place the blame
It wasn't worth it in the end
I tried to forget what every promise meant
An empty statement bent
Forever comes to an end.
