Everylittlething

Come to me unconventional beauty
Come to me unconditional friend
Come into the spotlight of mine
Come into the spotlight
So you can share with me
Your creativity

Every little thing you'll do
Every little thing you'll say
Every little thing you'll do
Every little thing

Come to me
Awaken all of my senses
Come to me

Turn me inside-out
Come into the spotlight of mine
Come into the spotlight
So you can share with me
Your creativity

Every little thing you'll do
Every little thing you'll say
Every little thing you'll do
Every little thing

Every little thing you'll do
Every little thing you'll say
Every little thing you'll do
Every little thing
