I'll leave my heart behind

24 hours til take off
And our last kiss good-bye
24 hours and i'll be off
Off to see the world

Heart-strings pulling
In me
Heart-strings pulling
In me, in me

So i'll leave my heart behind
Along with moments in time
Cause my heart won't find
What it needs here
It all leads back to you
My heart behind
Behind

Flying through the clouds
The air's so thin
And i look back to the ground

Hoping i'll awake to break this dream
But we have landed safe and sound

Heart-strings pulling
In me
Heart-strings pulling
In me, in me

So i'll leave my heart behind
Along with moments in time
Cause my heart won't find
What it needs here
It all leads back to you
My heart behind
I'll leave my heart behind
I'll leave my heart
I'll leave my heart
I'll leave my heart

Behind
