Girl of fantasy...
My dreams are flying far away
From reality...

I want to share
All the nights and days with you...
I want to care
For your love and all you do...

And in my world
All your love is right for me...
And still I hope
That this world will be for you and me...

You're my melody...
This night we were together
In my fantasy...

My dreams are full of you...
You are my lover
But I don't know what to do...
