"Alleluia"

Alleluia, alleluia, I made it through
The day without you
Just a day, another day
But I'm on my way

And for a hushed sweet moment
Everything made sense
And all my misplaced judgments
Were awash with innocence

For a hushed sweet moment
It felt like time stood still
I only know, I love you
And that I always will

By the shore, by the shore
Near the harbor
A distant light, shines on the water

Just a light, a distant light
From distant light, just a light
Guide me through the night

And for a hushed and sweet moment
Everything made sense
And all my misplaced judgments
Were awash with innocence

For a hushed sweet moment
It felt like time stood still
I only know, I love you
And that I always will

An alleluia chorus
Rang out across the waves
I have not gone the distance
But I am on my way

For a hushed sweet moment
It felt like time stood still
I only know, I love you
And that I always will

I only know, I love you
And that I always will
Alleluia, alleluia
