Don't tell me to stop crying please just hold me while I
do

Soothe me with your silence and just cradle me to you
Don't push me for my reasons or expect me to explain
How can I in five minutes shift a lifetime's hidden pain?

Don't tell your girlfriend about me 'cos your girlfriend
won't like girls like me

Don't tell your girlfriend about me
If you just hold me, hold me, hold me....

I went to see a psychic and I paid for good advice
He said "Forget a romance 'til you've sorted out your
life.

Be your own mother and your father and your sister
and brother,
And even try to crack the art of being your own lover...

Don't tell your girlfriend about me 'cos your girlfriend
won't like girls like me

Don't tell your girlfriend about me
If you just hold me, hold me, hold me....

In my darkest hour you'd be mine, these wildest
dreams

are no crime, or are they? Girlfriend
Coming from a place of need, not one of abundance,
You see he told me. Girlfriend

Don't tell me to stop crying, please just hold me while I
do

Soothe me with your silence and just cradle me to you
Don't push me for my reasons or expect me to explain
How come I say I'm happy to be on my own again...?

Don't tell your girlfriend about me 'cos your girlfriend
won't like girls like me

Don't tell your girlfriend about me 'cos your girlfriend
won't like girls like me

You don't have to tell your girlfriend about me
If you just hold me, hold me, hold me....
