Well ain't but two kind  
Them that do and them that do

Yo  
They got tigers, lions, and monkeys  
But I give my most attention to my donkey  
Pay no mind to the sign that said: don't feed it  
Even hold it when it's time to get funky  
Always tired after two rounds of action  
But you got to bust three like Paxon  
So you go off and you join the Jerkit Circus  
Work it like you knock a bag, that's satisfaction

So let's talk about this  
And that  
I'm a freaky deak player but I'm scared that it might be  
wack (wack)  
It might hurt my sack (sack)  
And if it ain't cool then I'm not gonna kiss that cat (cat)  
Cuz I don't know where it's been at  
Sometimes it ain't cool even when you wear a hat  
But yo I hit it anyway (unngh)  
Cuz a diesel butt female wanted to play  
And three days later got an itch  
And now I really wanna kill that (HO!)  
Who did it  
I shouldn't have been with it  
I really shouldn't have hit it (did it)  
But I slipped and I admit it ('mit it)  
I did it (hit it)  
But it didn't have to be done  
Next time I'm gonna run run run to the

Jerkit Circus  
Lay it in your palm and you don't need a condom  
Jerkit Circus  
Gonna get mine and have a nutty nutty time at the  
Jerkit Circus  
Fly girl kinkies work those pinkies at the  
Jerkit Circus baby  
Hey yo it's time to milk the cow

Mary goes up and Mary goes down  
Mary goes Mary goes round and round  
She rolled on a horse that was wearing a hat  
POP went the ball sack

Mary goes up and Mary goes down  
Mary goes Mary goes round and round  
But this time the horse wasn't wearing no hat  
DEAD went the ball sack

How did you get strong when she looked at you  
(And that's how she hooked at you)  
Sitting in the back when you knew you wasn't strapped  
And that's how the microwave cooked you  
You ROCKED and SHOCKED it  
Knocked up the booty real good when you knew you  
should have  
STOPPED and BLOCKED it  
With a hat  
I stay strapped cuz I'm smarter than that  
So let's work  
Let's work this  
And let's go to the circus  
Tonight he's gonna rock it with a whole new plan  
He's got a date with his left hand  
At the

Jerkit Circus  
Lay it in your palm and you don't need a condom  
Jerkit Circus  
Gonna get mine and have a nutty nutty time at the  
Jerkit Circus  
Fly girl swingers let me use a finger at the  
Jerkit Circus  
No more sticking time that we choke that chicken

Mary goes up and Mary goes down  
Mary goes Mary goes round and round  
She rolled on a horse that was wearing a hat  
POP went the ball sack

Called your girl  
Tried to get your rocks off  
Made you wait  
Your hard rock got soft (aakh!)  
WHAT ARE YOU GONNA DO?  
I don't know I wish I knew a better way  
Cuz back in the day  
You step to a lot a girls and they say back off a lot  
You get mad wanting tail, jack off a lot

But hey it's not such a bad idea considering  
Don't have to waste a lot a time trying to get her in  
The mood  
AND YOU NEED NO PROTECTION  
Word to the dick what else it's got is no affection  
The sex was great and you didn't have to ball her  
And hear her nagging asking you if you was gonna call  
her  
So now I'm going out like a strangler  
Get a grip and choke your fadangler  
To the girls that use sex to try to work us:  
Took my destiny into my own hand  
And joined the

Jerkit Circus  
Lay it in your palm and you don't need a condom  
Jerkit Circus  
Yeah gonna get mine and have a nutty nutty time at the  
Jerkit Circus  
Fly girl swingers learn to use a finger at the  
Jerkit Circus  
No more sticking time that we choke that chicken
