Who'd have thought
This is how the pieces fit?
You and I
Shouldn't even try making sense of it

I forgot
How we ever came this far
I believe we had reasons
but I don't know what they are
So blame it on my heart, oh

Love moves in mysterious ways
It's always so surprising
When love appears over the horizon
I'll love you for the rest of my days
But still, it's a mystery
How you ever came to me
Which only proves
Love moves in mysterious ways

Heaven knows
Love is just a chance we take
We make plans
But then love demands a leap of faith

So hold me close
And never let me go
'Cause even though we think we know
which way the river flows
That's not the way love goes, no

Love moves in mysterious ways
It's always so surprising
When love appears over the horizon
I'll love you for the rest of my days
But still, it's a mystery
How you ever came to me
Which only proves
Love moves in mysterious ways

Like the ticking of the clock

two hearts beat as one
But I'll never understand
the ways it's done

Love moves in mysterious ways
It's always so surprising
When love appears over the horizon
I'll love you for the rest of my days
But still, it's a mystery
How you ever came to me
Which only proves
Love moves in mysterious ways
Love moves in mysterious ways
