You make me feel vulnerable and totally exposed
You make me feel like a teenager dressed in a
woman's clothes
And I ask you, and I ask you, where do we go from
here?

All my life, I've been the one who's big and strong for
everyone
Then you come along, a towerblock for me to lean on.
And I ask you, where do we go from here?

You've got me so I'm curling like a kitten in your hand
You've got me so I'm clawing like a tiger caged and
bound
And I ask you, and I ask you, where do we go from
here?

All my life, I've been the one who's big and strong for
everyone

Then you come along, a towerblock for me to lean on.
And I ask you, where do we go from here?

All my life, I've been the one who's always there for
everyone
And now I know you've let me down, will it always be
That I'm the only towerblock for me?
