If I could have a pound for every moment I've spent  
worrying  
On all the little things in life that frankly there's no  
hurrying  
Then I would be a rich girl I wanna be a rich girl soon  
But going at this rate I think that it might take  
Till there's life on the moon...  
Where does the time go? Does anyone know?  
Where does the time go? Does anyone know?  
Where does the time go? Does anyone know?  
If I could have a sneak preview to all the earthly  
reasons  
It takes to make the theme of time then I'd be a girl for  
all seasons  
And I wouldn't have to worry I wouldn't have to worry oh  
no no no  
It just seems kind of funny that there's some things I'll  
just never  
Know  
Like where does the time go? Does anyone know?  
Where does the time go? Does anyone know?  
Where does the time go? Does anyone know?  
We were only just saying just the other day  
How it's really amazing how the days just seem to slip  
away  
And it's right before my very own eyes  
Oh there's some things that we'll never, we'll never  
know, like  
Where does the time go?  
Where does the time go? Does anyone know?  
Tell me where does the time go?  
Tell me where does it go?  
There's some things we'll never know  
If I could have a pound for every moment I've spent  
worrying  
On all the little things in life that frankly there's no  
hurrying  
Then I would be a rich girl and I wanna be a rich girl  
soon  
But going at this rate I think that it might take  
Till there's life on the moon...

Oh where does the time go? Does anyone know?  
Oh where does the time go? Does anyone know?  
Oh tell me where does the time go?  
Where does the time go?  
I've been counting all my days, I've been counting all  
my nights  
Tell me where does it go?  
Where, where, where, where, where does it go?  
The time go, the time go, the time go  
Where, where, where, where does it go?  
Does anyone know?  
I've been counting all my days, I've been counting all  
my nights  
Till I can be with you
