Everytime i see you smile
I can't help but smile
I love the way your eyes
Say they love me

I love it when you hold me close
The scent of you left on my clothes
The tenderness of your kiss moves me

Girl you're more than everything
You're in my heart,
My soul,
You're the air I breath
You're everything that i been missin in my life

Chorus:
And I'll always be, forever loving you
Its just meant to be, it all I wanna do...
You're everything my heart has ever known
And girl, you mean more than life to me,
And without you girl it wouldnt mean a thing
Until its my time to go,
I'll love you more than you'll ever know

There so many little things,
In my life, that you bring
Like the way you hold me,

When we're sleeping.

I wouldnt feel the way i do,
If you didnt give me a love so true.
You're the hopes and dreams that I believe in

Girl you not just everything,
My best friend you'll always be
You're everything,
that i need in my life

Chorus

I swear that it'll always be,

A time for you and me,
Girl i love you so.....

Girl ill always be forever loving you,
Its just meant to be,
Its what i want to do
You're everything my heart has every known,
And girl you mean,
more than life to me,
And without you girl,
It wouldnt mean a thing,
Until its my time to go...

Until its my time to go...

I'll love you more than you'll ever know.....
