I hear it in your silence,  
When you don't speak...  
Well what's funny then,  
Isn't funny anymore.

I can hear it in your voice,  
There's always a catch...  
We're going nowhere,  
And we're going there fast.

Anything to watch  
While we are waiting  
For this apocalypse?  
What more is there to do?

It's nice to be important  
But so close to being despised  
It's more important to be nice  
Adjusting being wise

I take you shopping  
I take you dancing too  
I take you out  
All the thing you wanna do  
And I give you diamonds  
And I give you space  
So give anyone you want  
It's alright with me.

Ohh time is over  
Don't you know that  
If a time won't  
Pause or burn  
I'll stay right in my place  
Now worry's over!

-nice solo-

I hear it in your silence,  
when you don't speak...  
There is a quiet,  
Quiet,

Rage,  
Building inside you, so deep.

I'd give you anything  
But I'd give you problems  
So give it to anyone you want  
It's alright with me.

I hear it in your voice  
I see it in your lips  
There's always a catch  
I guess that's alright with me

When no one's around  
Their mouths turns your ear  
I get your loneliness  
Screaming in my ear.

Ohh time is over  
Don't you know that  
If a time won't  
Pause or burn  
I stay right in my place  
Your worry's over yeah  
No  
This worry ain't over yeah
