Fascists are all I see
One too many Buttfuckers controlling me
But Suicide or Vigilante
To up the ante - Which is my way?
Ain't but the One Way
Ain't but the One Way
Ain't but the One Way... (gunshot)
To be free
Step into view... and about time
Make yourself some enemies + step out of line

We need a deadly assassin
And we need to do it today
'Cause the greed inside the Greedheads ain't ever
gonna go away...
Grab yourself some friends, man
And grab yourself a good plan
And get yourself a hitman
And work out a time span
And aim for the Headman... Then lie low
