Lyrics julian lennon/justin clayton

Music: michael kamen

From the 1995 original soundtrack of "mr. holland's opus"

I feel that the love around me

Has come from another world

I have lost love

I have found love

From the moment you were born

I could see a new beginning

Come to me, let me tell you how

How I've lost love

And now I've found love

In a world of broken dreams

I was wrong

To deny your feelings

And I'm sorry

If I've caused you pain

I was lost then

So confused then

And I believe that

You would change that

There are broken hearts we can mend

Through the music we've learned to love again

Through the sad notes

Through the years

There were times when I just couldn't tell you

And now we've come

To an understanding

And I'm sorry

That it took so long

I have lost love

I have found love

From the moment you were born

I have lost you

And now I've found you

Let me feel your heart

Let me hear your song
