I don't wanna know what's going on  
I don't wanna what's right or wrong  
I don't wanna know whose bed you're in  
I don't wanna know just where you've been

Oh baby, you were never really good for me  
Just maybe you're a stranger to reality  
And baby, don't you know you haven't got a clue  
Cause lately, I don't know what to do

I don't wanna know what's going on  
I don't wanna know what's right or wrong  
I don't wanna know whose bed you're in  
I don't wanna know just where you've been

Oh baby, you said you're changing for the better now  
Just maybe you're not as strong as you thought somehow  
And baby, you know you're headed down a one way track  
And baby, I won't bring you back

Well you said you were looking for a better way  
But you just keep coming back  
To a place where you can never seem to get away  
That will always hold you back

Oh baby, you said you'd rather be a daddy's girl  
But lately you're trying to fight against the whole wide world  
Just maybe you found a love you can hold on to  
And baby, I pray for you

I don't wanna know what's going on  
I don't wanna know what's right or wrong  
I don't wanna know whose bed you're in  
I don't wanna know just where you've been

(Julian Lennon 1998)
