You say hello,
Nowhere to go,
Against the wall,
You start to fall.

Under the heavens floating gently,
A vision I long to see will be,
Finding the road to resolution,
Watching the day break over me.
And the walls keep tumbling down,
And the walls keep tumbling down.

I touch you heart,
I feel your pain,
And the walls keep tumbling down.
You're not alone,
You're not to blame,
And the walls keep tumbling down.
There's no disgrace,
Beyond the shame,
And the walls keep tumbling down.
You're hurt inside,
I feel the same,
And the walls keep tumbling down.

Under the heavens floating gently,
A vision I long to see will be,
Finding the road to resolution,
Watching the day break over me.

You look inside your soul and then,
You criticize your life again,
You face the truth without a doubt,
You feel you have to scream and shout,
To let the demons out,
To save you from the depths of darkness,
Free your soul, return to calmness...today.
And the walls keep tumbling down,
And the walls keep tumbling down.

You say hello,
Nowhere to go,

And the walls keep tumbling down,
Against the wall,
You start to fall.
And the walls keep tumbling down,
And the walls keep tumbling down,
And the walls keep tumbling down,
And the walls keep tumbling down.
