Who can tell me what's wrong and what's right,
I'm surrounded by the puzzle, this life
No, my path is never straight
And there's always something waiting

Walk in circles all through the night
Look for answers that I'll never find
How am I supposed to rest
If I hunt for the solution?

Wanna find a way to surrender and to overcome

Chorus:
All of my life I figure out and wonder why
I wonder why
All of my life these things remain;
Questions unexplained
Tied in a thousand knots
They're waiting to be unravelled
In the life that I travel
All of my life

In my past I was afraid of my mom
Careful, everything I did was wrong
And although time has grown
Still I'm living my illusion

Tryin' to find a way to surrender and to overcome

Repeat chorus

You just go with the flow,
Cause that's where you'll find your luck
Don't prepare yourself,
'Cause you don't know what you get
Or how you get it.
Now pick up your shining armour
And don't be sad, 'cause it's not so bad
No, life's so wonderful...

Repeat chorus
