Girl on the sporting news  
I just wanna tell you one thing  
You've got the kind of sex appeal  
That doesn't get a guy like me down

So bring it up  
Bring clips of the sexiest sports moves in for the score  
Fill it up  
Fill minutes up  
And talk about that glorious season  
Until I'm sore

Light my love away  
Bye bye  
Ride my love away  
Bye bye

It could be 7.7 or 3 plus 9  
But baby, your fate has been set,  
So have a good time  
Give me one good reason  
And I'll give you mine  
But baby, don't leave me like that  
When there's still so much more time together  
Let's gather together.

Ride my love away  
Bye bye  
Ride my love away  
Bye bye

Baby don't buy that dress on lonely street  
No, girl don't buy that dress on lonely street
