It's early in the morning, I open my eyes
I look around and there's you
I think about everything we've been through
A little later you wake up too

"Good morning!" I kiss your cheek
You look at me with 'that' smile
Suddenly a feeling gets hold of me
These words roll out of my mouth:

Chorus:

I get a little outta line when I'm by your side
'Cause you're the love of my life, yeah yes
I feel so funny inside, I'm out of my mind
For you I'd run a million miles
A little outta line when I'm by your side
'Cause you're the girl of my dreams, yeah yes
I feel so funny inside, I'm out of my mind
For you I go down on my knees... "Will you marry me?"

She said: "You're so sweet, my baby come here."
"Now whatcha (what have you) been dreaming about?"
"Look at your finger and me what do you see?"
Than she starts to laugh out loud

"I don't know what got into me."
"I'm amazed you walked into my life"
"Now whenever I think about you and I,
I'm so happy I could marry you twice!"

Repeat chorus

You make me forget who I am
I'm losing control
I'm too much in love
And my heart isn't big enough for you

Repeat chorus
