I remember the day we started out in a way that I'll
never forget
Oh yes, that first sight of you came right into my heart.
But there was more as I recall relationships I had
before
I was afraid I'd lose myself in you

Have some faith in me I can be good to you
Have some faith in me we'll work it out
Have some faith in me I know it's not easy
But gimme time
And I'll show you that my love for you is real

I remember the days changing every step that we both
made
And you devoted your time, your life to me
But the more you tried to embrace
Our love the more it slipped away from me
You couldn't reach me anymore, and you said

Have some faith in me I can be good to you
Have some faith in me we'll work it out
Have some faith in me I know I'm not easy
But you're the only one I ever really cared about

So why do we need pain to know what love is?
Tell me why can't it only be right?
Tell me why, mmm

Have some faith in me I can be good to you
Have some faith in me we'll work it out
Have some faith in me I know I'm not easy
But you're the only one in my life
But you're the only one for sure
