As I sit here behind my piano
Thinkin about my worries
Yesterday, today and tomorrow
Wanna throw it all away
When I'm down he helps me out
To beat the missery
Never leaves me alone and together we fight until I
believe
yeah

He is telling me to hold on
Let nobody hold you down
To get up and carry on
Let nobody turn you around
Just believe

There are people around me who tell me
Just how I should live my life
I get lost and afraid when I'm alone
Makes me wanna cry out
So when I'm down he helps me out
To beat the missery
Never leaves me alone and together we fight until I
believe
yeah

He is telling me to hold on
Let nobody hold you down
To get up and carry on

Let nobody turn you around
Just believe

So follow 'cause I am leading,
let 'm all say it can't be done
Jealous words won't touch your feelings,
so be patient and hold on
And when you feel just a little bit of lonely
I won't let you down

He's a guiding light
A voice in every sound

Like a thin line of faith
Never leaves me alone he's a part of my life that's just
going on

He is telling me to hold on
Don't let nobody take you down
So get up and carry on
Don't let nobody turn you around
Just believe and hold on
Don't let nobody take you down
Don't you ever let anybody take you down
Don't let nobody take you around
Just believe
