Everything is easy

If I can just be with you
You're sweet as honey
And you're dependable too
It's true what they say:
All you need is love every step of the way

Yeah, sometimes she's an angel
But she can be trouble too
Then I really hate her
For what she puts me through
It's true what they say:
Love in fact cuts both ways
Mmm, you're just too sweet

Chorus:
There's no way I can get out
I'm so much in love with you
I don't think I would if I could, though
You are the love of my life
I won't be able to leave you
I know I'm stuck with you
I'm livin' a contradiction
I gotta give in to this friction
Love and hate, it's true,
I'm stuck with you, stuck with you

Everything's so easy
If I would just play this game
No one ever told me
There'd be a high price to pay
The ways of a woman
It'll take the rest of your life tryin' to figure them out
Hey, you're just too sweet

Repeat chorus

Just when I begin to think that you're not right for me
You do something that can bring back every smile in
me
I realize the fate about this love and hate

Now nothing I can do, I'm stuck with you

Repeat chorus
