In the morning when I wake up
As I comb my hair
I can hear my daddy saying
It's a big big world out there
While putting on my make-up
His words linger in the air
Just use the love I gave you
And you can make it anywhere

I'm so glad that I'm a woman
I know I wouldn't trade
I know I got it made

We're the life line of mankind
And now is the time for me

Life is such a challenge
Live it day by day
You never know what's gonna happen
A what might come your way
Just stop and think about it
There is nothing we can do
They can't live without us and
We can't live without them too
