Red light  
Red light  
Go to green  
Don't make me cry  
Don't make me scream  
And don't think I don't know  
It's already ten forty-three

I could pray  
Or toss and turn all night long  
But it hurts  
And I know no one that I know  
Will see me here

Just one more then I'll quit forever  
You're a secret  
I try to hide  
But people see it in my eyes  
And in the way I can't concentrate

When I need you  
I think I know how much I've thrown away  
If I had you now  
I think I'd be okay  
I'm just letting go  
So I can breathe

Just one more then I'll quit forever  
Red light went to green  
And now I don't feel anything  
Don't think I don't know it's really bad for me  
I can't live my life  
You're dragging me down  
My heart pounding  
Is the only sound

If I wake up tomorrow  
You'll be gone  
Just one more  
Then I'll quit forever  
Forever  
Forever

And ever  
Amen
