Is that you banging on my door at 3am?  
And are you wasted again?

Normally I'd stay in bed  
So if I get up and open the door  
Don't let it go to your head

It's just lust  
It doesn't mean I love you  
It's just lust  
It doesn't mean I love you

Your jealousy and insecurity  
Can be so over the top  
I get so fatigued  
By these  
Long emotional relationship talks  
I'd really much prefer  
My own company most of the time  
I never said  
I can't live without you baby  
I just said you look good tonight

Normally I'd be making tracks  
There's only one reason I came back

It's just lust  
It doesn't mean I love you  
It's just lust  
It doesn't necessarily mean  
That I even like you very much

It's just lust  
It doesn't mean I love you  
It's just lust  
It doesn't mean I love you

(Normally I'd kick you to the curb)
