You can touch her if you want You can rub her if you want She won't struggle if you want She'll act like you turn her on

She knows just what to say She's my prot?g?e So much love

There's money everywhere So laugh at their stupid jokes She can't live on air But no one has to know

And if you binge, you gotta purge She could rule the world So much love My prot?g?e My prot?g?e

Young hearts Understand The future Is in my hands

My prot?g?e My prot?g?e I taught her everything She's gonna rock you
