She writes songs at night
After everyone has turned out the lights
Though she's still young
She's had a hard life
And she's not giving up believing in fate
And it makes a person strong being alone for so long

The family home it's like living in a war zone
Holes are punched in walls
But no one seems to care at all

She's such a beautiful girl
And she lives in an ugly world
She's such a beautiful girl
And she lives in an ugly world

They want to knock that smile off her face
So she shuts her door and she writes and dreams
It's her favorite escape
And she knows it can only get better
So with patience she waits

No one ever had her back
They only laugh when she cries
But in God's eyes

She's such a beautiful girl
And she lives in an ugly world
She's such a beautiful girl
And she lives in an ugly world

They want to knock that smile off her face
So she shuts her door and she writes and dreams
It's her favorite escape
And she knows it can only get better
And with patience she waits

She's such a beautiful girl
But she lives in an ugly world
She's such a beautiful girl
But she lives in an ugly world

Beautiful beautiful
