So tell me is it hard to see
The possibilities
That I am not the person that I seem

I'll show you anything inside,
Will you open up your mind?
Cause I'm more like you than
You may ever know

We'll play it again
We're gonna let it go
Nobody's waiting this way
We're gonna lose it all

So baby was a shooting star
She crawled into my heart
But time revealed that she was fading out

Now choke everything you feel
And as it all conceals
And never heals
You always feel alone
We always feel alone

We'll play it again

We're gonna let it go
Nobody's waiting this way
We're gonna lose it all

You'll play it again
You're gonna let it go
You never waited this way
No, you want it all

Noone lives [x6]
We're coming again

We'll play it again
We're gonna let it go
Nobody's waiting this way
We're gonna lose it all

I'm on my way
I gotta go
I'm on my way
And I want it now
