"My Heart Is A Soldier"

Visit "[My Heart Is A Soldier](#)" on MotoLyrics.com

I fight to make you stronger, to make you love your life
I fight to show you purpose, to keep you satisfied
I fight to make you happy, I war to win your heart
I'd fight forever for you, I ache when we're apart

I'm fighting for us, my heart is a soldier
I'm killing myself, my heart is a soldier marching to die

I fight to stay together to bring us eye to eye
I fight to speak your language to keep you by my side
I fight to make it easy, I push to give you time
I fight our losing battle, I bleed to stay alive

I'm fighting for us, my heart is a soldier
I'm killing myself, my heart is a soldier marching to die

Am I twisting everything?
It's hard to tell when all I see is temporarily
Between the way it should and shouldn't be

I'm fighting for us, my heart is a soldier
I'm killing myself, my heart is a soldier marching to die
My heart's a soldier, my heart's a soldier

I fall like a fighter when you give me a shot
I'll live like a lover when you're all that I've got

I'm fighting for us, my heart is a soldier
I'm killing myself, my heart is a soldier marching to die
