The canopy above my head is all I see  
Another day  
Another night I'm lying here  
Falling asleep  
I sure hope that they do not think I'm lazy  
And I hope that they don't think that I'm a slob  
I hope that I don't make myself way too much at home  
I hope you care when I'm gone  
Watch another movie  
Play another song  
Read another passage in the book  
Spend another hour  
Of just another day  
I hope I don't spend way too much time falling asleep  
I sure hope that you always know I'll miss you  
And I hope that when you sleep you're looking up  
Cause when I rest I think of all those tired times  
And I can't sleep when you're gone  
Those closed eyes remind me  
Of what we have  
So please don't open them yet
