[Words by: Jonmarc De Guzman & Julianne Tarroja]

[VERSE 1]

Don't like no more empty stares  
And lingering smiles  
Plague me with unrest  
I'm weary and tired  
From this unintentional test

[VERSE 2]

Tell me what it is that  
You're trying to portray  
If you're short on words  
The longer are the things to say  
Let me walk out of your world  
Allow me not to see  
Your eyes that sting  
Lips that sing  
No tune no melody  
Yet still inviting me

[Refrain]

Obscure and clear confusing day by day  
Exclude me from this selfish game you play  
Hear me out and listen  
To what I have to say

[Chorus]

You don't know me

You don't own me  
Don't even think you can control me  
I don't need this mortal feeling  
Walk away as I am healing

[VERSE 3]

Time has past and  
I'm no longer weak and tired  
My former self has died  
And now I am aspired  
Now your empty stared  
And lingering smiles

I welcome as a guest  
Coz at this foolish game we play  
I am the best

[VERSE 4]

Not because I'm numb  
Or have become like you  
But rising from my false demise  
I've learned to know who's true  
Within myself apart from you  
You'll see you'll realize  
Along this line you'll read the signs  
Know me as me not one for you
