Listen up now give me your attention
Gotta let you now how I feel
You made me move in the opposite direction
Let's keep it real
I would have thought you'd know me somewhat better
I guess that I was wrong
You know we could have ended up together
It's just been too long
You gotta move on
It's time for you to go on
With your life
'Cause this time I'm gonna be strong
Move on
You've had your chance but I
I moved on with my life
I figured it out and I'm calm with my decision
I need some distance from you
We tried so hard and it didn't make a difference
You know it too
You see now I'm doing just fine
I'm finally getting by
It was up to me to draw a line
Don't wanna live in a lie
You gotta move on
It's time for you to go on
With your life
'Cause this time I'm gonna be strong
Move on
You've had your chance but I
I moved on with my life
Stop what you're doing to me
You're wasting my time
Gotta take control of this
Why are you confusing me
Ain't it plain to see
I can't be the woman you wanted me to be
You gotta move on
It's time for you to go on
With your life
'Cause this time I'm gonna be strong
Move on

You've had your chance but I
I moved on with my life
- repeat to end -
