I wish I could throw my feelings out the window  
Cos I don't want to love you anymore  
I wish I could erase  
All the hurt and all the pain you caused me  
You're like a thief in the night  
You pop up and appear in and out of my life  
What a fool I'd be  
If I let you continue to do this to me?  
Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I move on , why can't I forget  
How can you look and stare at me with a straight face  
Like you don't even know me baby  
I've known you since we were kids  
How could you do this I thought we were friends?  
I guess I really don't mean  
As much to you as you mean to me  
How could you throw love away  
I don't understand, can't believe that you've changed  
Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I move on , why can't I forget  
Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I move on , why can't I forget  
I see that you give me no other choice  
Than to fall out of love  
With you  
Though I love you so  
I have to let you go  
Cos I see that you're no good for me  
Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I move on , why can't I forget

Why can't I get you out of my head  
Why do I see you, you're not even here  
Why is my heart so full of regrets  
Why can't I move on , why can't I forget
