Memories serve, only to show
What came before, wouldn't have grown
Maybe the past, brought me to this
Maybe this time, love won't be missed
I hear my heart calling for you
Can I believe you hear it too
I want something
Permanent (like the stars in the sky)
Permanent (like a mountain high)
Permanent (as time goes by)
I want something I can count on
Permanent (like the sun and the rain)
Permanent (like a burnin' flame)
Permanent (I say again)
I want something that won't change
Respecting yourself, reachin' down deep
That's how I'll find, a love I can keep
It became clear, the very first time
Was more than a dream, that you could be mine
I hear my heart calling for you
Can I believe you hear it too
I want something
Permanent (like the stars in the sky)
Permanent (like a mountain high)
Permanent (as time goes by)
I want something I can count on
Permanent (like the sun and the rain)
Permanent (like a burnin' flame)
Permanent (I say again)
I want something that will never change
Was my only way
I could never stay
Now I don't feel the same
You brought me to somewhere I feel safe
I want something
Permanent (like the stars in the sky)
Permanent (like a mountain high)
Permanent (as time goes by)
I want something I can count on
Permanent (like the sun and the rain)
Permanent (like a burnin' flame)

Permanent (I say again)
I want something that won't change
- repeat to end -
