I think I'm feeling better
And I know the reason why
I think I finally got my shit together, yeah
And no more tears to cry anymore

And I feel you
And I feel the things you do to me
I think I think I think I think I think too much
To me
I think I think I think I think I think too much
And you won't feel
So close your eyes

I think that this is better
Oooh the fish come here to die, oh
They play follow the leader
Don't even wave goodbye
Cause their fins are tired

And I feel you
And I feel the things you do to me
I think I think I think I think I think too much
To me
I think I think I think I think I think too much
And you won't feel
So hold your eyes

I think the engine stopped
When you pull the key outside
And if I didn't know any better
I could feel you, I could feel you

And I feel you
And I feel the things you do to me
I think I think I think I think too much
To me
I think I think I think I think I feel too much
And you won't feel
So hold your eyes and see me
Just hold your eyes and see me
Hold your eyes and see me
Just as I am
