Write this down
Remember every word
You're not the things they told you way back then
You're so much more than ideas in your head
So bury them
And keep them so they can return when you're alone
So that you can fight them in the end

Boy, you know I'm sick and tired of healing all your pain
Its time for you to know the truth and cast your cares
away

Write this down
Remember every word
You're not the things they told you way back then
You're so much more than ideas in your head
So bury them
And keep them so they can return when you're alone
So that you can fight them in the end

Boy, you know I'm sick and tired of healing all your pain
Its time for you to know the truth and cast your cares
away
And I'm so sorry
It took too long to let you know that
Its alright and its OK
Cause they mean nothing anyway

So you say that you're so alone. Well loneliness is all we
get.
Get used to it.

Boy, you know I'm sick and tired of healing all your pain
Its time for you to know the truth and cast your cares
away
And I'm so sorry
It took too long to let you know that
Its alright and its OK
Cause they mean nothing anyway
