On a clear day
Rise and look around you
And you'll see who you are
On a clear day
How it will astound you
That the glow of your being
Outshines every star
On a clear day
Rise and look around you
And you'll see who you are
On a clear day
How it will astound you
That the glow of your being
Outshines every star
You feel part of every mountain sea and shore
You can hear, from far and near
A world you never heard before
And on a clear day
On that clear day
You can see forever and ever more
And on that clear day
On that clear day
You can see for ever
And ever and ever
And ever more
(On a clear day)(X3)
