With a tuppence for paper and string
You can have your own set of wings
With your feet on the ground you're a bird in flight
With your fist holding tight to the string of your kite

Let's go fly a kite
Up to the highest height
Let's go fly a kite and send it soaring
Up through the atmosphere
Up where the air is clear
Oh let's go fly a kite

When you send it flying up there
All at once you're lighter than air
You can dance with the breeze over houses and trees
With your fist holding tight to the string of your kite

Let's go fly a kite
Up to the highest height
Let's go fly a kite and send it soaring
Up through the atmosphere
Up where the air is clear
Oh let's go fly a kite
