Once again, I'm caught in there  
And there is nowhere left for me to run  
All messed up, I was cheated  
You went and used me up and kept me down  
Now what the hell did I know  
Knowing what I know now  
I wouldn't go and change a thing  
Oh what the hell did I see  
Blinded by beauty, go on let it fade away

I don't wanna lose another year  
It took me so long to rid my fear  
You're out of reach and I'm out of here  
And I'm completely fallen  
I don't wanna lose another tear  
You seem so far when we are near  
I'm out of speech and I'm out of here  
And I'm completely fallen (completely fallen)

I get up  
Get on through this  
I can almost touch the other side  
I'll survive  
I've been through it  
As long as faith and hope is on my side  
Now what the hell did I know  
Knowing what I know now  
I wouldn't go and change a thing  
Oh what the hell did I see  
Blinded by beauty, go on let it fade away

I don't wanna lose another year  
It took me so long to rid my fear  
You're out of reach and I'm out of here  
And I'm completely fallen  
I don't wanna lose another tear  
You seem so far when we are near  
I'm out of speech and I'm out of here  
And I'm completely fallen (completely fallen)

So we turn ourselves around  
With this freedom that we found

I don't wanna lose another year  
It took me so long to rid my fear

I don't wanna lose another year  
It took me so long to rid my fear  
You're out of reach and I'm out of here  
And I'm completely fallen  
I don't wanna lose another tear  
You seem so far when we are near  
I'm out of speech and I'm out of here  
And I'm completely fallen

I don't wanna lose another year  
It took me so long to rid my fear  
You're out of reach and I'm out of here  
And I'm completely fallen  
I don't wanna lose another tear  
You seem so far when we are near  
I'm out of speech and I'm out of here  
And I'm completely fallen (completely fallen)
